
Meet and Greet

After your initial contact with me for a quote we can then meet for a no obligation chat over coffee at a location near to where you live. This can be at a coffee shop or some other location of your choosing.

Alternately you could come to my home or I could come to yours.

We will then discuss what my service to you will be and I will answer any questions that you may have.

If you wish to proceed beyond our initial meeting and make a booking then I will invoice you for a deposit of \$150 to secure your wedding date.

Legal Documents

I will provide all the legal documents for the marriage to be completed. The documents will be lodged with Births Deaths and Marriages on the first business day after the wedding in the state where the marriage took place.

The first document to fill in is the Notice of Intended Marriage form which must be filled in within a period of 18 months to a period of no less than one month prior to the wedding.

To fill in this form it is necessary to provide evidence of date and place of birth in the form of passports or birth certificates. Personal Identification is also required and usually a drivers licence will suffice.

On your wedding day three documents will be signed by the bride and groom and myself and it is required to have two other people sign as witnesses.

Keep It Simple

I am a full time professional Marriage Celebrant.

I am passionate about my service to you. I aim to take care of all the little and big details of your wedding ceremony so you can relax and get on with organising all the other special details for the rest of your wedding day.

I like to keep it simple and explain to you all that is required in the process. From engaging me as your celebrant to presenting you and your partner to your invited guests as husband and wife after the signing of the marriage documents.

I say to every couple that no question is too silly or embarrassing to ask. You may email or call me direct on the mobile at any time or even have another meeting if you feel it necessary.

It will be such a beautiful day to remember and I can help you to relax and enjoy every moment.

Your Wedding day will be one of the most memorable days of your life. Let me take care of the details of your ceremony so you can relax and plan the other aspects of your special day.

The fee for my Marriage Celebrant Service is inclusive of GST and includes the filling in and lodgement of all the legal documents with Births, Deaths and Marriages post wedding.

The ceremony will be presented in clear diction with heartfelt and genuine passion. My 100 watt PA will make sure that every one can hear the ceremony and your wedding vows.

I only ever take one booking per day so all my focus is on your wedding. I will arrive at least 30 minutes prior to the ceremony to set up the signing table and PA and help the Groom relax.

Any music can be played from a mobile, iPad or laptop through my PA. I have input for an instrument and vocal microphone for live music. The PA does not require power.

Signing the wedding documents

At the end of the wedding ceremony you will be pronounced husband and wife.

We will then proceed to the signing table (or car) for the signing of the wedding documents. Your choice of music will play through the PA while the signing takes place.

If you wish I can decorate the table with driftwood, seashells and collectables.

A decorative marriage certificate will be signed and given to you to take home as a memory of the occasion.

Travelling to ceremonies

I have travelled few hundred kilometres to a property near Texas to officiate the above wedding. I service S.E. QLD and Northern N.S.W.

Weddings at Somerset Dam, and Maleny in QLD, and also South West Rocks on the Central Coast of N.S.W. are some of the wonderful places I have been very happy to travel to.

A Renewal of Vows took me to Cougal in Northern N.S.W.
